

**ADVISED FLEXOS FOR THE SALE OF CLARILOG
TO FINANCIERE SENNECHAEL**

July 2018

ClariLog

CLARILOG is a software publisher base in Saint-Quentin (02), specialised in IT infrastructure and helpdesk management on the mid-market sector.

The company can rely on more than 1000 clients acquired since 2003 in francophone countries. Composed initially of private SMEs, the company's client portfolio has been diversified to welcome actors from the public sector (local authorities, city halls, hospital groups...).

Driven by M. Jean-Paul Rosette since its acquisition in 2011, CLARILOG is now in the hands of FINANCIERE SENNECHAEL whose president, Denis SENNECHAEL, has a strong expertise on the software market. He has occupied during his life several senior management positions in the United States and in Europe in the TOP 5 French listed software editor firms. His ambition will be pursued not only through organic development (direct and indirect sales) but also through acquisitions and international development.

ATOUT CAPITAL advised the company FLEXOS, listed on the compartment ACCESS of Euronext Brussels (FLEX), for the sale of its equity stake in CLARILOG.

This MBI transaction led by FINANCIERE SENNECHAEL concerns 100% of CLARILOG's shares.
